## Letter from the Executive Director

Dear Families, Residents, Friends, & Staff;

The month of May brings several important dates to celebrate at Lakewood Senior Health Campus. Happy Mother's Day, National Nursing Home Week (May 13th-19th), and Nurses Week (May 6th-12th)! Nurses have been consistently ranked as the most trusted profession in the country for many years. I believe this is because they are compassionate, caring, and develop genuine close ties with their residents. Many of our staff spend more time with their residents than they do their own families. Thank you to all our nurses and staff for your compassionate care to our residents! Last but definitely not least, thanks to all the moms out there that we all owe so much to!

There are several construction projects in progress at Lakewood Senior Health Campus. First, the new Dialysis Center internal construction is complete. The Dialysis Center is waiting on initial inspections over the next few months before it will be open and able to provide services. The Dialysis Center will be operated by Ohio Renal Care, which is a collaborative effort between the Cleveland Clinic, Metro, and Fresenius Medical Care. The Dialysis Center will offer hemodialysis services on an outpatient basis to both patients in the community and to residents of our Campus. The benefit to residents on our Campus who need dialysis services will be the elimination of the cost and inconvenience of transportation to and from off site Dialysis Centers. We look forward to the Dialysis Center starting service to help not only our own residents but patients in the Lakewood and surrounding communities.

Although the internal dialysis construction is finished, there is still external work that needs to be completed. Starting in May, we will be resurfacing and regrading the parking lot between the Skilled Nursing Facility and Assisted Living. We will also be adding a carport entry to both the North and South visitor entrances of the Skilled Nursing Facility. The end result will be additional parking spaces, a U-shaped driveway with two entrances onto Bunts road for easier access, and weather protected carports to enter and exit the Skilled Nursing Facility.

Other Campus construction projects underway include; refurbishing of the Skilled Nursing Facility bathrooms, planting new landscaping in front of the Independent Living Buildings, and installing handrails in the Assisted Living hallways.

These projects are further examples of O'Neill Management and Lakewood Senior Health Campus continued commitment to improving the care and services available to our residents and the surrounding community. Thank you for your patience with the construction mess, we think the end result will be well worth it!

## Open House

**Sunday, April 22, 2012**  
Noon – 1:30 p.m.

**Sunday, May 13, 2012**  
Noon – 1:30 p.m.

Pringles we are serving.  
Winner receives the Pringles gift basket.  
Friends and family welcomed!

## Barbara Brown Resident

Barbara considers herself a newcomer to Ohio. She was born at Washington Hospital in Pennsylvania in 1939. She comes from generations of coal miners. Her father was a mechanic for the Herman Creek Coal Company. Her grandfather was one of the first crew strip-miners to re-plant the forest trees after mining.

She graduated from Burgettstown High School in PA then met and married her husband John. Together they had two children, Eric and Leslie. Eric is a professor at Central European University in Budapest, Hungary. He is married and has a son. Leslie went to John Carroll University and stayed in Ohio. She also has a daughter.

Barbara worked at Quigley Catholic High School until she retired in 2009. She came to Ohio to be closer to her daughter. In 2010 she came to Lakewood Senior Health Campus. Its great to get to know Barbara!
